

Elephant Class will be continuing their topic based learning of 'Animals' this half term but we will be learning specifically about jungle animals.

The jungle is a very active topic and we will be joining in with movement and massage stories. Over Spring 1, we explored lots of different movements with our Farm Yoga and we are looking forward to trying out jungle themed yoga. We will practice being authors and illustrators of own books. Our focus stories will be 'Rumble In The Jungle' by Giles Andreae and 'Walking Through The Jungle' by Julie Lacombe.

We are excited to continue to learn with our friends at home via Google Classroom. We really enjoy sharing our learning and achievements in our weekly celebration assembly!

We will also be taking part in themed sessions around different special events in the Spring such as Holi and Easter.
