

Children in Meerkat class are getting ready for the Summer term. They are prepared for the sunny days that are coming to enjoy their outdoor play. We are going to be learning about Seaside and specifically “Under the sea” and what lives down there. We will learn about different sea creatures as we “dive” into the deep dark sea. We will focus on the book “Rainbow Fish” where we will also learn about being kind to others and sharing with our friends, as well as reading the book “There was an old lady that swallowed the sea”. We will also talk about how to keep our oceans clean to protect animals. We will continue learning about our colours every week as well as sounds and shapes as part of our literacy and maths areas. There are loads of fun things coming up during Summer Term 1 and we cannot wait for them!
