

As we look forward to Summer 2, we are busy getting, gathering and celebrating different celebrations that happen around us. We will be doing more cross curricular learning, as we celebrate different countries in our cooking, linking into MFL. We continue to explore the world through lights, sounds, feelings, taste and smell, to allow for everyone to join in with our learning. During story massage we will be experiencing poems, along with going through the seasons. In Science we will continue our cross curricular learning with art and outdoor learning, listening to the different animal sounds and reinforcing it with photos and textures.

For those doing blending home school learning, we will continue doing the sessions, singing, music, stories and now we will be joining up with the class in order to have join collaboration between both home and school. We will also be continuing to get back in the pool and enjoying the water!

Below are some of the symbols we will be using.
