RECORDED COVID-19  
CASES 17.09.21**

## MESSAGE FROM JULIA JAMES- PRINCIPAL

Hi all,

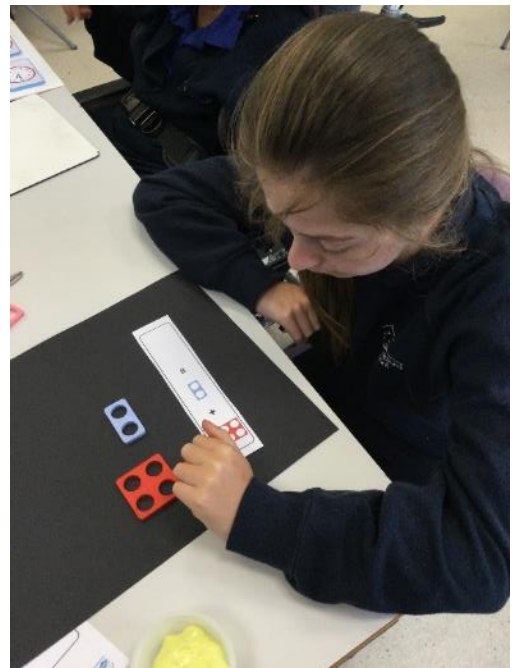

This week has been another eventful and activity filled one here at Bedelsford. In this edition, our pupils have taught us the importance of being kind to your peers, helpful and always trying your best.

It has been a pleasure for us to witness the return of old friendships after the Summer break, and the beginning of new ones, within new class settings.

Please enjoy some of the pictures of our students expressing the above values and having a lot of fun in doing so.

Stay tuned for some of the outdoor learning and curriculum enrichment opportunities we have coming up this year, including companion cycling, sensory pony contact & wheelchair accessible narrowboat navigation. Updates to follow.

We always work hard to develop and learn new life skills.

**It is always important to try your best and to show everybody just how proud you are of what you have achieved.**

**To be successful we need to be helpful and work together to get the job done.**

**Bedelsford students always make sure to have fun and look after their peers, staff & friends.**
