

This term our topic is 'Relationships and Social and Emotional Wealth' and we have two stories which we will be reading 'Kaya's heart song' and 'Camille and the sunflowers.' We will also be experiencing folk stories and songs, along with call and response sessions with musical instruments. We will be making marks and matching and grouping things which are the same, also exploring shapes. We will be investigating and choosing different materials and textures in our sensory trays, creating bug hotels and developing life skills as we work on our ASDAN modules.
