

Eagles will be continuing to work on our ASDAN and Ascentis accreditations for English and Maths, and towards our Life Skills and Work-Related Learning qualifications. We will continue to run our Teas in the Trees café for other classes as part of our Enterprise activities, and will be running it for parents as well during some school events. We are also opening the Busy Birds Bakery to sell fresh bread to our school community, as another part of our Enterprise. We will continue to prepare for the Kingston Parliament in December. Our most exciting new development will be our Friday trips to Spelthorne Farm, where our learners will be able to both experience a different kind of working environment, and contribute meaningfully to the local community.
