

## PHOENIX CLASS

AUTUMN 2 2021

During Autumn 2, Phoenix will play a big role in Busy Birds Enterprise. We are working on creating sock snowmen and gonks, fleece cushions stuffed with paper shredding, hot chocolate cones, Christmas cards, and wax melts for our Christmas sale. We will be busy using the hot glue gun, paints, spoons, and our hands working on life skills. We are also completing our ASDAN personal progress units on interacting with food and following directions. We continue to update our outdoor area as well. We are working towards pea gravel landscaping and painting a wooden bench to improve our school community. Our Wizard of Oz sensory story and drama are continuing to be enjoyed weekly by all students and staff. We are looking forward to the holiday season with all its sights, sounds, and smells to tickle our senses.
