

There are lots of things to look forward to this half term with many events coming up to focus on. We will be learning about St George's Day as well as the Queen's Birthday at the beginning of the term. This term we will be learning a lot about plants and how to take care of them during our Science and Forest School sessions. We will also be nurturing our own class butterflies and releasing them once they have fully developed. We are all looking forward to the whole school Jubilee Celebrations which will take place in the last week of this half term.
