

Diamond Class are looking forward to spending time out in nature and the local community as part of our topic, Outdoor and Adventure. We would like to focus on gardening and Forest School, enjoying the nature we have on our doorstep.

We are going cycling in Bushy Park each week and spending a morning in Kingston, practising our daily living skills and exploring activities we enjoy as part of our work in Preparing for Adulthood.

The young people moving up to the Sixth Form will be spending time with their new peer group, getting ready for the move into Key Stage Five.

We are looking forward to celebrating our year together on trips further afield, including a day out at Wisley Gardens and enjoying school wide activities such as the Summer Fun Day and Sports Day.
