

Our topic will continue to be “The Great Outdoors”.

In Communication we will continue working on extending our shared attention and using our preferred means of communication to make requests and communicate our needs and wants with increasing independence. Our book for this term will be “The Gruffalo”. All students will continue to participate in phonics sessions throughout the week.

We will continue our communication groups; some will continue to take part in the speech and language session on zones of regulation. We will all be working on asking and answering who, what and where questions and following instructions, we will embed this throughout the day during play.

In Maths we are continuing our work on numbers. Some of us will be working on counting backwards from 5. We will do this through number songs. Some will be identifying one more, one less than a number up to 7, and some are working on number bonds to 20. Some of us will work on reading o'clock and half past times when written in 24-hour format. We will all be working on sequencing the events in our day to morning, afternoon and evening.

In Science, we will continue to develop our understanding of plants through planting, exploring and finding different plants in our local environment. Our topic will be plants, we will plant seeds and learn to look after them as they grow. We will explore what plants needs to grow and the different parts of a plant.

In Geography we will be learning to recognise the world around our school, we will do this by using maps to follow. In History we will be learning about the Iron Age.

In Art we will be creating 3D structures from junk modelling. This term we will make a Hippo out of junk modelling, which we will then papier-mache and then cover in pictures from our year in Hippos. In DT we will explore a range of different foods and choose fruits that we want to make smoothies and fruit salads.

We will continue to work on identifying how we are feeling and be able to give a reason from a choice. We will begin to think of strategies that might help us to feel calm. Our feeling for this term will be anger and we will think out how are bodies might feel and what activities might help us to feel calm and regulated again.
