

As the new academic year starts and some children return to Meerkat class, we also welcome many new children for the first time. The rest of the school will be starting a bit earlier on the 5<sup>th</sup> of September, but our children in Nursery and Reception will start from the 12<sup>th</sup> of September. This means that during that first week of September the team in Meerkats will be doing home visits to meet the new children and we will be getting ready to welcome everyone.

We are very excited to learn all about them, to hear about their Summer holidays and also to learn together about our new Early Years topic for Autumn 1 "Our Community" where we will be learning about people that help us in school (from the teacher and supporting staff to all the therapists and nursing team, and many others). Loads of exciting activities are to come and we are looking forward to welcoming everyone in September!

# Early Years Foundation Stage
