

It may be only October but Christmas will be starting early in Eagles Class as we begin making photo frames, bookmarks, salt dough ornaments and Christmas cookies to sell to our many customers. This will be part of our Work Skills course, and all our products will be for sale at very reasonable prices. We will also be continuing to practice caring for our clothes, as part of our Life Skills. Our trips to Spelthorne Farm will be continuing and we will be carrying on with our Charity appeals to try and raise some money as a thank you (parents who want portraits drawn by our students are welcome to send photos in, in return for donations).

We are also looking forward to starting rehearsing the Christmas play, and finding out what parts our leavers will be playing. With our sculptures finished, we are going to start our *Finish This* programme with the English National Opera next half term – let's see what we can come up with!
