

This half term our key text is Medusa- a Greek myth. We will be looking at the story of Medusa and Perseus and using our senses to explore and retell the story. We are also going to be looking at shapes in Maths and exploring what different shapes feel like, finding them around school and in our classroom.

We are going to begin visiting the community every Friday in small groups. This will include going to the Market (and the Christmas Market when it opens in December), going into shops and selecting and purchasing things to help with our learning in DT. We are continuing with our ASDAN accreditation and setting ourselves a challenge to complete over the half term.
