

Summer 2 is always both a sad and an exciting time for Eagles class. Sad, because we are saying goodbye to our Leavers, of whom we have four this year. Exciting, because they are moving on to new adventures and new challenges, and we will be wishing them all the best and a fond farewell as they move on and say goodbye. We will plan a prom for them as a proper send-off, and we will look forward to presenting them with their scrapbooks and awards. Work in school must go on, of course, and in Summer 2 we will carry on practicing our office work skills and learning how to access health services. Our English and Maths accreditations will also continue, and we will keep running Teas in the Trees café for other students and Busy Birds Bakery for staff. We will also have an exciting development for our non-Leavers... the Duke of Edinburgh expedition.

Café
