

We are preparing for the end of the school year, but know that it will be a busy one. We greatly anticipate our Duke of Edinburgh expedition at Kingston Academy. We have received a £4000 grant for our equipment and look forward to using it. We are also sad to see our leavers going off to college. They have had a wonderful time at Bedelsford and are now ready to spread their wings to fly. We look forward to Prom and to other fun celebrations of learning in the last half term as well.
